

A vibrant, stylized illustration of a kitchen. The upper cabinets are blue, while the lower cabinets and the oven are yellow. The wall is a solid blue. A window on the right has red curtains and yellow horizontal blinds. On the windowsill, there are two small potted plants. A red stool stands near the sink. The floor is covered with a red and white striped rug. Various kitchen items like a stove, sink, and some containers are depicted. The overall style is reminiscent of mid-20th-century children's book illustrations.

# Chambers

**N**ow, your dream of a colorful, more efficient kitchen can come true—for Chambers, originator of scientific range insulation, is first again with gay, smart new colors—at no extra cost! Best of all, the savings you'll enjoy in food and cooking fuel economy will PAY for your new Chambers—because Chambers' super-insulation retains heat that cooks for you WITH THE GAS TURNED OFF! It cuts from 1/3 to 1/2 off your present cooking fuel bills; conserves food, vitamins and flavor; keeps your kitchen cool; and gives you precious hours of extra leisure every day for the rest of your life. You owe it to yourself to see the beautiful new Chambers before you buy any range.

Pays for itself  
because 10 Minutes' Gas does a  
whole Hour's Cooking

THE  
WORLD'S  
FOREMOST  
WIFE-SAVER

**THERMOBAKER** turns the Thermo-well into an auxiliary oven — ideal for all light baking tasks. "It cooks with the gas turned off"

IN-A-TOP BROILER opens at stove-top-height—forms big, double-size griddle that's perfect for short-order party snacks.

**TRIPLE-WALL OVEN INSULATION** retains cooking heat other ranges lose. Bakes and roasts 83% of the time "with the gas turned off"

THERMOWELL takes pots off the range top. Cooks while the cook's away "with the gas turned off." Keeps food hot for hours.
